WESTON-SUPER- ACCESSIBLE

**Wheelchair and disabled
friendly Weston**

The Grand Pier

There are accessible toilets on the premises with step-free access. The doors are wide enough for a manual wheelchair and power chair. There are grab rails, a raised toilet seat and easy turn taps. No RADAR lock on the door. The Grand Pier is completely accessible with lifts and escalators to all floors.

Weston Helicopter Museum

The Museum is a mobility friendly attraction with wheelchair access to all areas. It can be reached on the 126 bus route.

Weston Museum

Weston Museum has a lift for wheelchair users and those who cannot manage stairs to access the main upper floor galleries. Due to the nature of Clara's Cottage being built in 1865, this part of the museum is unfortunately not completely accessible to wheelchair users due to narrow corridors and a staircase. The courtyard area is cobbled and the museum offers rubber matting to make wheelchairs easier to push. The lovely Clara's Café is hard floored and accessible.

The Bay Café in the Tropicana adjacent to the Visitor Information Centre has a disabled loo and easy access with no steps.

Court Farm

Court Farm Country Farm is wheelchair friendly with accessible toilets.

Puxton Park

Access from the designated disabled parking spaces to the main entrance is on concrete and from all other areas on tarmac or hardcore. The grounds at Puxton Park are suitable for wheelchair and disabled users. There are several disabled toilets on site, one in the play barn, one behind reception, one in the party rooms, one the Animal Discovery Barn, one in the Meadows restaurant.

Weston Sand Sculpture Festival

There's a wooden slatted path that runs over the beach around the sand sculptures and a willing team on hand if you need help.

Need to hire a wheelchair or scooter?

DALESWAY MOBILITY at the bottom

CARLTON STREET CAR PARK (turn right at the Premier Inn and it's past the Cineworld opposite the library)

Beach Wheelchair

Due to the generosity of the Axentis Michael Charitable Trust and Weston Hospicecare the Weston-super-Mare Visitor Information Centre has been donated a specially designed beach wheelchair with large pneumatic wheels which just slide over sand.

Pushers are required as it's a little tricky to manhandle the wheels in the usual way. The wheelchair is not self-propelling as the regular wheels have been replaced with pneumatic balloon style wheels so that wheeling it on the beach is more comfortable.

The chair is supplied with a strap but does not have a head support. The maximum weight is 22 stone (308 lbs). Children should be at least 3' (92cm) tall to fit in the chair.

Please note that you must be able to transfer yourself from your usual wheelchair onto a beach wheelchair as unfortunately we do not have a hoist available. Staff in the Visitor Information Centre will be pleased to look after your traditional wheelchair whilst you have a beach wheelchair out on loan. Call to reserve on
